

YOU DESERVE A BETTER CITY COUNCIL

DID YOU KNOW? Just 10 Labour councillors in the Council Cabinet make all the big Council decisions?

GREEN PARTY COUNCILLORS ARE PUSHING THE COUNCIL TO:

- Involve all councillors in Council decision making, by reintroducing a Committee based system with members from all parties
- Enable residents to be more involved in decision-making
- Consult residents properly, taking genuine account of their views
- Open up the Council by broadcasting Council meetings online
- Make sure you can find out about Council decisions affecting you
- Support It's Our City's "Sheffield People's Petition" to improve the way the Council is run. See the petition at: bit.ly/SheffieldPP

YOUR COUNCIL SHOULD TAKE PROPER ACCOUNT OF YOUR VIEWS

DID YOU KNOW?

18,691 people signed a petition to keep independent shops at Devonshire Green in the city centre. But the Council approved demolition, causing businesses to close with lost jobs.

DID YOU KNOW? More than 10,000 people signed the petition to keep healthy trees on Rustlings Road. But trees were felled before dawn in a secret operation planned by the Council, Amey and the police.

DID YOU KNOW? 10,058 people signed a petition to stop the Central Library being sold off for a hotel. The Council kept the deal secret and then denied it existed.
