

IS THE LABOUR-RUN CITY COUNCIL LISTENING TO YOU?

DID YOU KNOW? Just 10 Labour councillors in the Council Cabinet make all the big Council decisions?

GREEN PARTY COUNCILLORS:

- Listen to local people and help them get their voices heard
- Will consult residents properly, taking genuine account of their views
- Challenge the Council so they serve you better
- Want all councillors involved in decision-making, not just the Cabinet

GREEN COUNCILLORS ARE FREE TO ACT ON YOUR BEHALF, PRESSING THE COUNCIL TO LISTEN PROPERLY TO YOU

DID YOU KNOW? The council spent £413,000 trying to jail peaceful street tree protesters. The council's policy meant thousands of healthy trees were felled that should have been saved.

DID YOU KNOW? A Freedom of Information request revealed that estate demolition was always in the Gleadless Valley Masterplan despite council assurances to the contrary.

Gleadless Valley candidate Paul Turpin on the estate

DID YOU KNOW? Conditions requiring IKEA to pay £400,000 for sustainable travel improvements were so poorly written by the Council they are unenforceable. IKEA will fund no new cycle infrastructure.
