

ANGELA ARGENZIO — GREEN CANDIDATE

I WILL WORK HARD FOR YOU

I lived in Hunters Bar for 9 years with children attending Broomhall Children's Centre and King Edward School. I was a secondary school teacher for 16 years and now work for a Sheffield disability charity.

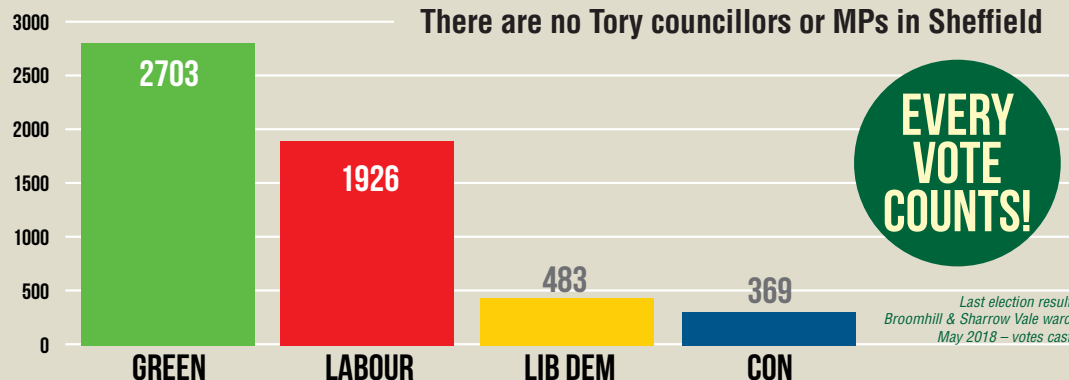

I work with Green Cllr Kaltum Rivers, a Broomhall resident who supports many vulnerable people in that community. We offer practical support to local residents and vitally important local community groups and organisations. Everyone works together to maintain a suitable balance between residential & student housing, shops, restaurants, bars, universities and hospitals in and around the Broomhill, Crookesmoor and Ecclesall Rd areas.

This Labour-run council is not listening to people and shuts you out of decisions. Unlike Labour councillors, I will be free to act in the best interests of all who live here – putting people and communities first.

IT'S GREENS OR LABOUR HERE

There are no Tory councillors or MPs in Sheffield

SHEFFIELD COUNCIL ELECTIONS
THURSDAY 2ND MAY 2019

VOTE FOR
ANGELA ARGENZIO
WORKING FOR YOUR COMMUNITY

ARGENZIO, Angela

For election information, contact Sheffield Council election office on 0114 2734093.

Promoted by Eamonn Ward, 73 Eskdale Rd, Sheffield, S6 1SL on behalf of Angela Argenzio.

GREEN COUNCILLORS STAND UP FOR YOU

GREEN COUNCILLORS ON YOUR SIDE

Angela with Cllr Kaltum Rivers (left) and Cllr Magid Magid (right)

- Local Green Cllr Magid Magid has inspired people of all ages and backgrounds as the current Lord Mayor.
- Local Green Cllr Kaltum Rivers has led city initiatives to support and involve young people in addressing the underlying causes of knife crime.
- Greens actively campaigned to keep the threatened Minor Injuries Unit central and accessible at Hallamshire Hospital.
- Greens helped residents deal with the chaos and clutter of the new recycling bins roll out – which won't improve Sheffield's poor recycling rate.

CHOOSE GREEN

BETTER TRANSPORT

GREENS support cleaner, healthier transport, with stronger bus regulation, more cycling investment and re-opening of local rail lines and stations.

The **LABOUR**-run Council have failed to cut congestion and dangerous air pollution. They cut public transport funding and raised residents' parking permit prices.

A CARING CITY

GREENS would invest in good quality housing and better mental health services. Our budget proposed £1 million more for social care.

The **LABOUR** Council have failed to build many new houses or produce the city development plan. They have cut street cleaning.

AN OPEN COUNCIL

GREENS want all 84 city councillors involved in decision-making, not just 9 Cabinet members. We'd let people see big Council contracts.

The **LABOUR** Council Cabinet make big decisions behind closed doors and hide important information from the public.

VALUE FOR MONEY

GREENS opposed costly PFI contracts with big private multinational companies. We encourage local businesses - they keep money in the local economy.

The **LABOUR** Council spent £413,000 trying to jail peaceful street tree protesters. Thousands of healthy trees were felled that should have been saved.

FOR A BETTER SHEFFIELD

Labour has a big majority on Sheffield Council. Their councillors are told how to vote by their party. Green councillors are free to act in the best interests of local people and Sheffield as a whole. More elected Greens will ensure your views are heard and the Labour-run council is held to account.

Angela by a war memorial tree on Oxford St, Crookesmoor - now saved.

In our 2019 council budget proposals we included:

- More Police Community Support Officers and council Safer Neighbourhood Officers
 - More money for renewable energy and energy saving for schools and homes
 - Bringing back the Freebee city centre bus
 - Cheaper residents' parking permits and more money for cycling and walking
- Labour rejected all our proposals.
