PUTTING OUR AREA FIRST

Greens offer practical support to many local community groups and organisations in our area.

They work to preserve a suitable balance between residential housing, retail and licensed premises in **Broomhill**, **Crookesmoor** and the **Ecclesall Road** area.

We've helped many residents during the Covid-19 crisis and held regular street foodbank collections.

Green councillors will prioritise a climate emergency action plan for Sheffield. Local action to protect our green spaces and reduce waste is vital.

Creating green jobs to properly insulate homes and reduce heating bills benefits us all. Better public transport and safer cycling and walking gives more people the option of leaving cars at home.

SHEFFIELD PEOPLE'S REFERENDUM

On 6th May you can vote for change to elect more Green councillors.

But, there is also a referendum taking place where you can vote to **change how the council is run**. This is the Sheffield People's Referendum.

Currently the Council leader has the power to make nearly all decisions.

But, you can vote to change to a committee system – a fairer way for councillors of all parties to make decisions together for the benefit of Sheffield.
