Greens have made a real difference in Sheffield.

Green wins across the city in 2021 ended Labour's majority rule and the culture of secrecy in the council. Greens are now in a two-party Administration, which makes the council more open and transparent.

Greens have secured commitments on climate change in the planning system, plus a step towards **large-scale home insulation schemes** and solar energy production on council houses. Greens secured an inquiry into the **street tree felling**.

Greens have stood up against Labour, LibDem and Tory opposition to fight for the benefits of pedestrianisation on Pinstone St, a Clean Air Zone and a pavement parking ban. **This makes the city healthier and more enjoyable, and unlocks millions in government grants for taxi drivers and local businesses.**

WE'RE BACKING BEX WHYMAN FOR MAYOR!

This year, you also have a vote to elect a new South Yorkshire Mayor. Green candidate Bex Whyman works in education and lives in Sheffield. Bex's key priorities:

Cheaper energy bills - investing in insulation and renewable energy to cut heating bills, reduce greenhouse gases and create skilled jobs.

Better public transport - a Green Mayor will bring buses under public control, so we get better services. Bex will push for more funding for regional rail services and electrification of main lines.

More investment in the North - pushing hard for the government funding needed to deliver actual "levelling up" in our region.
