# PETER AND THE GREEN TEAM - ACTIONS SPEAK LOUDER THAN WORDS

MAY 5TH

Peter works with Sheffield's 13 Green Councillors and Ecclesall's Green team all year round helping people with neighbourhood issues and supporting community groups.

Working with the new High Storrs Environmental group

Talking to people in Endcliffe Park and Millhouses Park to find out what you want for your green spaces

Meeting with local business owners to hear their concerns about parking

Supporting the Greystones School Streets scheme, now to be made permanent

Simon Geller conducted a Green Audit for Greystones and recommended improvements

Hosting eco-house open days and helping neighbours make their homes more energy efficient

Meeting parents and teachers at Holt House Infants School to discuss road safety for children

Campaigning for developers of new mobile phone masts to contribute to the local community

Organising planting 1,300+ trees with street tree campaigners

## PUTTING OUR AREA FIRST

Ecclesall Greens breathe new life and participation into the area.

- Peter and the Green team get involved with local community groups and talk to residents to find out what is important to you. From green spaces, local shops, air quality and active travel, we campaign to improve Ecclesall for the benefit and safety of people who live and work here.
- We support our neighbours to improve their energy efficiency. For example, Peter opened up his 'eco' home to share his experience of installing an Air Source Heat Pump and exciting insulation.
- Ecclesall Greens care for our local environment; conducting green audits, planting trees to reduce flooding, helping endangered birds and encouraging nature friendly gardening.

## WE'RE BACKING BEX WHYMAN FOR MAYOR!

This year, you also have a vote to elect a new South Yorkshire Mayor. Green candidate Bex Whyman works in education and lives in Sheffield. Bex's key priorities:

**Cheaper energy bills** - investing in insulation and renewable energy to cut heating bills, reduce greenhouse gases and create skilled jobs.

**Better public transport** - a Green Mayor will bring buses under public control, so we get better services. Bex will push for more funding for regional rail services and electrification of main lines.

**More investment in the North** - pushing hard for the government funding needed to deliver actual "levelling up" in our region.
