Persuaded Council to improve lighting on Ponderosa to increase pedestrian safety.

Pressed for overflowing bins in St Philip's area to be emptied more frequently.

Helped to get family, who were in overcrowded flat, rehoused.

Continued to monitor traffic speeds on Howard Rd.

PUTTING OUR AREA FIRST

Logan and Bernard work hard for you all year round and stand up for our area.

Bernard and Logan are often contacted by local residents, looking for advice and support, and they have helped to solve many problems for people. They are both very active in the community and have been involved in campaigns for better bus services, and safer cycling and walking options.

Our regular Green newsletters keep residents up to date with what's happening - whether that's tackling road safety issues, cleaning up our green spaces, or collecting for the S6 Foodbank.

Other candidates will appear now that there's an election coming; but nobody wants a councillor who disappears when the election is over.

With your support, Logan can be elected as your second hard-working Green councillor.

WE'RE BACKING BEX WHYMAN FOR MAYOR!

This year, you also have a vote to elect a new South Yorkshire Mayor. Green candidate Bex Whyman works in education and lives in Sheffield. Bex's key priorities:

Cheaper energy bills - investing in insulation and renewable energy to cut heating bills, reduce greenhouse gases and create skilled jobs.

Better public transport - a Green Mayor will bring buses under public control, so we get better services. Bex will push for more funding for regional rail services and electrification of main lines.

More investment in the North - pushing hard for the government funding needed to deliver actual "levelling up" in our region.
