WINTER 2022-23

SCHOOL STREET A SUCCESS

Cllr Maroof Raouf at Nether Edge school

Nether Edge Primary was one of the first schools to be involved in a School Streets trial.

The road is closed to motor vehicles during school drop-off and pick-up times to make the journeys to and from school safer for children.

It has now been made permanent due to its success.

Councillor Maroof Raouf said "parents have commented how the pick-up and drop-off is safer and that they can engage better with the staff at school due to the more pleasant environment."

COMMUNITY SPACE

Green Nether Edge and Sharrow Candidate Bev Bennett

A local community group have been active at Dalton Court Community Centre on Aizlewood Road, off Abbeydale Road.

Since October there have been several events at the community centre, many organised by Green candidate for Nether Edge and Sharrow, Bev Bennett.

Bev said "We are really pleased to be providing the community with food, entertainment and even a pop - up cinema. We have events for all ages and everyone is welcome."

MOUNT PLEASANT PARK

Mount Pleasant Park in Sharrow will soon have a number of improvements. There will be new LED lighting and a light footpath route through the park.

Police cameras can be fitted to the new lighting, this was identified as a key priority by residents.

Cllr Maroof Raouf said "The work should start in the next few months. I'm very supportive of the investment going into this project. Hopefully, any police cameras will prevent a repeat of the issues we've faced lately with the play equipment being destroyed by dogs. The new lighting will improve energy efficiency and the community will be able to use the park even more."

SAFER STREETS

Bev Bennett and Sheffield Greens at Osborne Road

Greens have been talking to local residents about improvements to road safety in the area.

The traffic lights on Osborne Road have made crossing the road much safer.

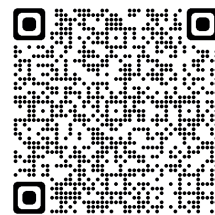

Residents have commented that they welcome the addition of the lights as they make the area more accessible.

You can let the council know what you think of the changes or report an issue; connectingsheffield@sheffield.gov.uk/ tel 0808 196 5105.

Please provide feedback, whether positive or negative. It is really important that local residents share their comments.

BETTER PUBLIC TRANSPORT

Sheffield Greens want to raise more money for local transport.

Sign our petition for an Employers Workplace Parking Levy on bigger businesses, which would bring in millions of pounds a year for better public transport, like it has in Nottingham: bit.ly/WPL22

GREENS IN SHEFFIELD

In the last few months the Green group have made significant progress in the council, working to make Sheffield fairer, safer and more sustainable.

We have:

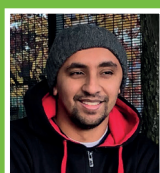

- **Passed a renewable energy** motion to commit the council to look into renewable energy installations on council owned buildings and new buildings.
- Passed an amendment on **period poverty** which focuses on the provision of free sanitary products in

Sheffield's Green group of 14 councillors

- public buildings such as libraries and community centres.
- Proposed a **cost of living** working group in the council. A package of support is now available to anyone in need and a network of Welcome Places has been created.
- Contributed to the **Local Plan** - through cross-party work, Greens
- steered the council to publishing a draft local plan for new buildings for the next 15 years.
- Acted on **clean air** - Greens have steered and supported the implementation of a Clean Air Zone, which has released millions of pounds in grants to support taxi drivers and small businesses.
