

THE SHEFFIELD GREEN GLEADLESS VALLEY

GLEADLESS VALLEY, HEELEY, MEERSBROOK, HERDINGS AND HEMSWORTH

MARCH 2023

RE-ELECT PAUL TURPIN

Councillor Paul Turpin

Your Gleadless Valley Councillor, Paul Turpin, is standing for re-election in May.

Since being elected in 2019, Paul has proved to be an extremely dedicated and hard working councillor, who has supported many residents across the ward.

Paul said "I have been honoured to represent the ward and community I live in for the last four years, and hope you re-elect me to continue this job.

I work hard to get the best for the ward, in everything I do. From local projects and casework helping constituents, to policies that will benefit the whole city for years to come - such as initiating work on a Climate Impact Assessment, carbon audits for business grants to reduce carbon and bills, a successful Economic Recovery Fund, and mandatory carbon literacy training for councillors and staff.

I have a proven track record of getting things done and am committed to doing my best for the people I represent."

HEELEY 20MPH

Cllr Marianne Elliot, Cllr Paul Turpin and Cllr Alexi Dimond On Myrtle Road

Your Green councillors have ensured there will be a 20mph zone in Heeley. You will see the signs going up soon!

Cllr Alexi Dimond said "The reduced speed limit will reduce the likelihood of accidents. Making Heeley's streets safer will enhance the area even more and improve the environment for residents, which is why we have pushed for the scheme to be implemented."

EV FOR GV

There will be new fast charge electric vehicle charging points at Albert Road car park.

Cllr Paul Turpin requested the first public EV charging points in the ward and they will go live in April.

Paul said "I'm delighted that we've been successful in getting these charging points installed. EVs are an essential part of the transition to clean, green transport."

CLEARING THE LUMB

Cllr Paul Turpin and Cllr Marianne Elliot at The Lumb

Your Green councillors have consistently reported fly tipping across the ward, and pressured the council to deal with fly tipping hotspots.

They have also worked on prevention measures, such as cameras and provision of skips.

Cllr Marianne Elliot said "We have been working to deal with discarded waste in Gleadless Valley. Huge efforts have gone into clearing The Lumb - helping to improve conditions in the woodland and increase biodiversity."

FREE FLOW

Cllr Paul Turpin has worked to ensure that gullies in the ward are cleared to prevent them from flooding and streets are cleared to help prevent blockages.

Paul's work has led to Amey developing a policy of pre-emptive clearance of detritus on pavements and streets to keep the drains flowing. We hope to see the benefits of this over the next 12 months.

TREE PROTESTERS VINDICATED

Paul was very involved in the tree protests

Green councillors secured an independent inquiry into the needless felling of healthy street trees. The report identifies "serious and sustained failure of strategic leadership" in the Labour administration at the time.

www.sheffield.gov.uk/your-city-council/independent-inquiry-into-street-trees-dispute

If it wasn't for Greens securing the inquiry, the truth would not be exposed.

Paul said "This is an emotive and powerful report of what happened when the council decided to go to war with the citizens of Sheffield. Feeding division and fueling a conflict that has left many people hurt and traumatised.

It is clear that a single party administration is not good for democracy as decisions are made behind closed doors.

We need Greens to make the council more transparent and open."
