Hillsborough Green Party Newsletter  
November/December 2022

Delivered by volunteers to 9500 households in Hillsborough, Leppings Lane, Malin Bridge, Owlerton, Philadelphia, Wadsley and Wisewood

## BUS CHAOS

Hillsborough Greens had to post timetables after big service cuts from October 2nd. **Christine Gilligan Kubo** comments: “No information on bus stops, inadequate online timetable information and apps not updated saw people waiting for buses that no longer run. It’s harder for many people to get to work while older people are isolated without buses they can use.

The 52A no longer runs past **Hillsborough Interchange** to **Wisewood** and **Loxley**. The replacement, the 31, is much less frequent with no Sunday services. I met with the Mayoral Authority and bus company representatives to highlight the difficulties service changes are causing Hillsborough residents. I am urging them to improve services in this area.”

Service change information is here [bit.ly/TSYbus](https://bit.ly/TSYbus), including a revised, improved tram timetable. The **SL1/SL1a** link services have been replaced by the **57/57A**.

## GOOD NEWS!

Hillsborough Greens ran a pilot surplus fruit & veg collection for **Food Works Sheffield** in late summer. We’re happy to see two new businesses opening supporting recycling and re-use - **Hillsborough Refill Hub & Ellen Jean**. A **Pumpkin Hunt** was organised by **Hillsborough Together** at half term.

# TOBY WORKING FOR HILLSBOROUGH

You can elect **Toby Mallinson** as a third local Green councillor next May. Toby says: "I've lived in Hillsborough for 31 years. I'm a Trade Union officer supporting education workers across Sheffield. I ran the campaign to save **Wisewood School** and then to make the replacement as good as possible. I want to support local groups like **Friends of Wisewood & District** whose persistence helped deliver the excellent **Wisewood Park**.

I'm working with **Christine** and **Henry**. We're listening to all Hillsborough communities, seeking to improve people's lives and offer support through the cost of living crisis."

# WORKING WITH LOCAL POLICE

Your Green councillors joined a drugs raid on **Middlewood Rd**. **Henry Nottage** comments: "Councillors work in collaboration with the **Walkley & Hillsborough police team** and we gained valuable insights. A lot of drugs and plants were seized but successful raids also eliminate fire risk and can uncover modern slavery. I recommend signing up to [www.sypalerts.co.uk](http://www.sypalerts.co.uk) to receive information about local police activity and advice to reduce your crime risk."

**COST OF LIVING CRISIS:** The council has information to help anyone struggling this winter here [www.sheffield.gov.uk/benefits/help-money-issues](http://www.sheffield.gov.uk/benefits/help-money-issues). Please phone us if you don't have website access - we will post help leaflets through your letterbox on request.
