GREENS CAN WIN HERE

It's between Peter or Lib Dems. Other parties won't win here this year

You can vote for another Lib Dem councillor – who will put their party's interests before the interests of our community, and refuse to work cooperatively.

Or, you can vote for Peter – a hard-working Green councillor who will put what's right for our area first.

SHEFFIELD GREENS

Sheffield's Green group of 14 councillors

Peter is working closely with the Green group of 14 councillors.

This year, they have committed the council to;

- **renewable energy** installations on council buildings and new buildings
- a **cost of living** working group to create a network of Welcome Places
- secure funding for vital **advice services** to support people in times of need
- **reduce inequality** by providing funding to communities which need it most
- a **nature and biodiversity** working group to help tackle the nature emergency
- **protect vital public services** through the council's budget-setting
- look into **social care cooperatives** to address the social care crisis

- consider providing free sanitary products in public buildings to help with **period poverty**
- make **streets safer** for everyone, by supporting School Streets and 20mph zones in residential areas
- act on the Lowcock report after securing the **independent inquiry into street tree felling**

Since Labour lost overall control in 2021, the parties are forced to work together.

The Lowcock report into the needless felling of healthy street trees is a stark reminder that the lack of transparency, openness and honesty in the previous Lib Dem and Labour administrations was catastrophic for our city.

Still our decision makers take votes for granted. It's time for positive change!
