

# ABOUT ASH

Ash is a chef and a volunteer cub leader, who is passionate about building a fairer, greener future.

Ash said "I'm keen to continue the amazing work here with your Green Councillor Bernard Little.

I've been helping with the Food Bank and talking to people across the ward.

Many people are worried about getting about as many of us don't own cars so we rely on good public transport. Over 26% of households in Walkley and over

69% of households in Upperthorpe and Netherthorpe don't own a car.

Having better public transport helps to remove barriers and makes things fairer.

That's why Greens have been campaigning for the reinstatement of the no 10 bus since it stopped last August.

If I'm elected, you'll gain another councillor who answers to Walkley residents alone. The Green Party does not whip - our councillors are not told how to vote by party bosses. We are free to vote independently, and in-line with the views of those who elect us.

Green councillors make a real impact - standing up for communities and pushing forward positive change."

With your support, Ash can join Bernard as your second Green councillor in Walkley.

**Supporting community groups**

**Helping with parking issues**

## SHEFFIELD GREENS

Sheffield's Green group of 14 councillors

Bernard Little is part of the Green group of 14 councillors, working both in our communities and on the Council.

This year, we have committed the council to:

- **renewable energy** installations on council buildings and new buildings
- a **cost of living** working group to create a network of Welcome Places
- secure funding for vital **advice services** to support people in times of need
- **reduce inequality** by providing funding to communities which need it most
- a **nature and biodiversity** working group to help tackle the nature emergency
- **protect vital public services** through the council's budget-setting
- look into **social care cooperatives** to address

the social care crisis

- consider providing free sanitary products in public buildings to help with **period poverty**
- Support national electoral reform, in favour of **Proportional Representation**
- make **streets safer** for everyone, by supporting School Streets and 20mph zones in residential areas
- act on the Lowcock report after securing the **independent inquiry into street tree felling**

**Since Labour lost overall control in 2021, the parties are forced to work together.**

The Lowcock report into the needless felling of healthy street trees is a stark reminder that the lack of transparency, openness and honesty in the previous Labour administration was catastrophic for our city.

**Keeping the Council in no overall control is better for open and transparent decision making.**

**GREENS KEEP THE COUNCIL BALANCED**
