

# THE SHEFFIELD GREEN

## NETHER EDGE & SHARROW WARD

BRINCLIFFE, HIGHFIELD, NETHER EDGE, LOWFIELD AND SHARROW

AUTUMN 2023

Green Councillors Bernard Little, Marianne Elliot, Brian Holmshaw and Douglas Johnson with no 10 bus

## RETURN OF NUMBER 10 BUS

The No. 10/ 10a bus service has now been reinstated. **When the service stopped last August, Greens shared a petition straight away. We collected over 1000 signatures and thank everyone who signed it.**

Green Councillor for Nether Edge and Sharrow, Maroof Raouf said, "I'm very pleased that the campaign to reinstate the much-missed service was successful."

## MOUNT PLEASANT PARK

People using Mount Pleasant Park in Sharrow said they would feel safer using the Multi Use Games Area (MUGA) if it was opened up. This work has now been completed and there is a clear sight line from the MUGA into the park and playground. This makes the space more useable for people of all ages. The park is also getting new LED lighting. The police, Sharrow School and Sharrow Forum all worked together to create a plan for improvements.

Cllr Maroof Raouf at Mount Pleasant Park

Cllr Maroof Raouf said "The genocide of the Palestinian people is an outrageous breach of international law. I'm deeply saddened by the events and condemn the war crimes being committed by the Israeli government. The Palestinian people have been subjected to 56 years of suffocating occupation. This needs to stop now."

See Sheffield Palestine Solidarity Campaign to find out more [www.sheffieldpssc.org.uk](http://www.sheffieldpssc.org.uk)

Green councillors have been showing solidarity with the Palestinian people, speaking out at demonstrations and in the press. Scan QR to watch Maroof's speech.

Over 6000 people have been reported to be killed so far, and this number is growing daily, with schools, hospitals, mosques, churches and residential buildings targeted.

## SAFER WOLSELEY ROAD

Cllr Maroof Raouf using new crossing at Wolseley Road

**New traffic lights have been installed on Wolseley Road to improve safety in the area.**

In previous newsletters we informed the local community about these road improvements so that residents were aware of the work at the junction of Staveley Road and Wolseley Road.

Maroof said, "This is a residential area with lots of young families. The lights help to make a safer pedestrian environment by enhancing visibility, reducing conflicts with cyclists and vehicles, and ensuring pedestrians have sufficient time to safely navigate the crossing."

# ARCHER LANE

The decision by Labour and LibDem councillors to remove the safety measures on Archer Lane was met with disappointment from local residents who organised community gatherings at the Archer Lane, Brincliffe Edge Road junction. Many people are questioning why the decision was not based on statistics which show that there were decreases in traffic and increases in walking and cycling whilst the measures were in place.

Maroof said "The data showed that the measures were successful in offering people an alternative to driving and more children were able to walk or cycle to school safely. I'm very disappointed that the road is being used as a rat run again, but

*Cllr Maroof Raouf with residents at community event on Archer Ln*

be assured I will do what I can to continue to investigate ways in which road safety can be improved in the area.

If you have any questions about this, please let me know."

## SHEFFIELD'S 14 GREEN COUNCILLORS

*Greens continue to work hard for fairer, greener, stronger communities across Sheffield*

Maroof Raouf is part of the group of 14 Green councillors in Sheffield.

We are always willing to help with a wide range of issues and push for safe homes and streets for everyone.

As ever, we are focused on working to reduce the impacts of climate change and work on nature recovery and improved biodiversity.

No political party has an overall majority so the council remains in 'no overall control'

Along with the committee system, this makes the political parties work together and all councillors have to take responsibility for decision making on the committees.

## THANK YOU FOR YOUR SUPPORT

*Bev Bennett and Cllr Maroof Raouf*

In May, 2437 people voted Green here. Unfortunately Bev Bennett was not elected to join Cllr Maroof Raouf in Nether Edge and Sharrow Ward.

Bev said "Thank you to everyone who supports us at election time and throughout the year - we really value it."

## SURVEY

Maroof and the Nether Edge & Sharrow Green team are looking for your views.

**What matters to you?**

## CAZ SUPPORT

Do you need help with your CAZ application?

**Your Green Councillor Maroof Raouf has been helping residents all over the ward.**

Maroof said "It has come to my attention that many drivers of non-compliant vehicles, who are eligible for funding to upgrade to a compliant vehicle, have still not made an application.

Please get in touch if you would like to make an application and I will support where I can, including those who have already applied and would like an update on their application."
