

A local election message from

MARROOF RAOUF

Green Party Candidate for
Nether Edge and Sharrow Ward

SHEFFIELD CITY COUNCIL ELECTIONS 2024
THURSDAY 2nd MAY

Dear Neighbour,

I am reaching out to you today to reflect on our journey so far and to share my vision for the future of our area.

Over my current term, I've accomplished a lot more than I could have hoped for, this is only because of **your support** - thank you.

I've enjoyed working with our **community organisations, tenant's groups, churches, mosques, food banks**, as well as **local businesses** and **youth groups**. These successes are a testament to the collective effort of Greens in Sheffield and the power of our community in **Nether Edge & Sharrow**.

However, our work is not done. There are still challenges to overcome and opportunities to grasp. I am committed to ensuring that the voice of the people of Nether Edge & Sharrow is repeatedly heard in the chambers of power. I have raised issues around **period poverty**, the **cost of living**, issues with the state of our **road transport** network, and the devastating situation in **Gaza**.

I am proud of my work on the council as **Deputy Chair of Education, Children and Families** and have pushed on initiatives such as an increase in **school places**, better **access to information** for parents during applications for their children's movement to primary/secondary, and advocating for **better provision for our most vulnerable children**.

I hope that over the last three years I have demonstrated how passionate and committed I am to be your elected representative. My vision for our future is to ensure that **you are heard** and it is your views that get taken forward and debated. With your support, I can continue to make progress towards this vision and continue to fight for our **amazing communities** in Nether Edge & Sharrow, a vision we can all be proud of.

Many people have told me how disgusted they are with Labour councillors for not representing them with regards to Gaza. I have been clear and consistent on this. I have spoken at rallies and in the council, I have walked for peace and I continue to advocate for the oppressed people in Gaza. I, in Sheffield, may not be able to change worlds, but I can help change minds.

If re-elected, I will continue to represent you and be available so that you get the best possible services that you deserve. A vote for me is a vote for continuity, for the progress we have made together, and for the future we envision. **Your vote for me is a vote for our community and our shared goals.**

Finally, I want to continue hearing from you. Your ideas, your concerns, and your aspirations shape our community. Please feel free to reach out to me.

Yours sincerely

Marroof Raouf
