HELP WITH HOUSING ISSUES

Cllr Maroof Raouf at Lansdowne

Your Green Councillor Maroof Raouf has helped residents at **Lansdowne** and **Leverton**.

Lansdowne footpaths were blocked with flood water, mud and leaves. **The paths have now been cleaned and reopened.**

Thanks to Maroof's intervention a dispute between council departments has finally been sorted out. **Lansdowne residents can now report footpath cleaning issues to streetsahead@sheffield.gov.uk or call 0114 273 4567.**

A broken glass panel on the **Leverton** tower block has now been repaired and the door made safe

STREET TREES

A local community group, **Nether Edge and Sharrow Sustainable Transformation (NESST)** is focused on improving the environment and biodiversity of the 1.8 square mile area it covers in **Nether Edge, Sharrow, Sharrow Vale, Carter Knowle, Highfield** and **Lowfield**.

NESST have coordinated funding to plant **186 additional street trees** over the last three winters. 75% of these trees are on roads with no street trees previously.

And there's more to come, **70 more street trees** will be planted on streets of **Highfield** and **Lowfield** before the end of March 2024, thanks to grant funding secured by NESST.

Green councillors have been calling for an end to hostilities in Israel/Palestine, speaking out at demonstrations, council meetings and in the press.

Greens are clear and consistent in our calls for a ceasefire in Gaza and a lasting peace based on ending the occupation.

Green councillors successfully moved a motion to council calling for a ceasefire.

NEW CROSSING

Cllr Maroof Raouf on London Road

Your Green Councillor Maroof Raouf has asked for a new pedestrian crossing to improve safety around **London Road and Hill Street**. This has been identified as a dangerous spot and many people have requested action.

There will be a consultation coming soon.

The trial pedestrian crossing on **Osborne Road in Nether Edge** has been made permanent.

ROYAL MAIL FAILS

A campaign group has formed as a result of Royal Mail failing to deliver; **Save Our Post** ❤️ **Save Our Posties**

Group founder, Kate Billington explains “the group has come about because people realised they no longer had Royal Mail delivering to their streets! Posties themselves are not to blame for the chaos.”

Green councillor Marianne Elliot has been involved in the campaign since it started with visiting the Delivery Office in June 2023 to find out what was happening to the post.

Please let us know about your post issues at bit.ly/3HmJoxA or use the QR.

BLOCKAGES TO REPORT?

Fallen leaves can cause drains to block. Where leaves begin to mulch down they can become a safety hazard.

Please email Maroof to report locations where leaves need to be cleared.

SAFER STREETS

Many people have asked about improving road safety around **Nether Edge Road**, including local schools. Your Green Councillor Maroof Raouf is looking into options for the area.

Road safety is also a big concern around **Holt House school**. Maroof has been talking to residents and requested a pedestrian enhancement scheme. Maroof has highlighted that school children need a safe place to cross.
