# CYCLE HANGAR UPDATE

Cllr Marianne Elliot and Cllr Alexi Dimond, assessing potential bike hangar sites

Your Green Councillors are committed to providing **on-street cycle storage** for residents. It's a long process and locations haven't been finalised yet, further site visits and consultations are needed.

Two hangars will be installed in the new year and hopefully more will follow.

**Bike hangars take up less space than 1 car and can store 6 bikes/ e-bikes.** Contact your councillors for more information.

# WINTER FUEL ALLOWANCE

Greens have expressed their disappointment with the new Government's approach to cutting costs by removing the universal Winter Fuel Allowance for pensioners. In a full council meeting, **Councillors Marianne Elliot and Paul Turpin, raised concerns that the cuts are targeting pensioners unfairly** and the need to focus on investment in **insulation and solar panels** - so that energy bills can be reduced permanently.
