

THE SHEFFIELD GREEN

NETHER EDGE & SHARROW WARD

BRINCLIFFE, HIGHFIELD, NETHER EDGE, LOWFIELD AND SHARROW

AUTUMN 2024

HIGHFIELD ADVENTURE PLAYGROUND

Highfield Adventure Playground is changing. There will be a new play area and a new building, including a café and toilets.

Your Green Councillor for Nether Edge and Sharrow, Maroof Raouf, welcomes the changes; "The redesigned space will provide enhanced

play areas, improved accessibility and additional space for community activities. It will be a valuable resource for local residents and will further enhance this part of the ward. I hope that facilities on offer will continue to make it an appealing and accessible location for a wide range of users."

BRINCLIFFE 20MPH ZONE

Cllr Maroof Raouf in Brincliffe

A new 20mph zone in Brincliffe has been consulted on, and a decision is expected soon. If approved, the new 20mph will incorporate all the roads in the Brincliffe area, including parts of Psalter Lane and Sharrow Lane.

Maroof said, "A 20mph zone will help make the area safer for people. The Brincliffe scheme will be a good addition to the existing schemes and we should have most of our residential streets in the south-west quarter of the city under 20mph, by next year."

To find out which roads are included, see bit.ly/Brincliffe-20MPH-Zone

SAFER HOMES

Cllr Maroof Raouf at Leverton Towers

Leverton tower blocks have new entrance doors. This is something that residents have been asking for and your Green Councillor, Maroof Raouf, has acted on.

Maroof said, "I'm pleased that the doors have been replaced. The new doors will make residents safer, they have advanced locking mechanisms and meet high fire safety standards."

NETHER EDGE CONSERVATION AREA

Nether Edge and Sharrow Green Councillor, Maroof Raouf

Councillor Maroof Raouf has been working hard to ensure that the Nether Edge Conservation area is being kept true to its colours. Recently, Maroof supported residents in the ward to oppose a planning application. Many people expressed concerns that the proposed development would have caused substantial harm to the conservation area. The planning department agreed and the application has been denied. This is a success for the hard work of residents in continuing to maintain the beauty of the conservation area.

PARKS AND OPEN SPACES

Your Green Councillor, Maroof Raouf, recently asked a question at Full Council about parks and open spaces in this ward. Maroof received a commitment that Chelsea Park will continue to have some wildflower and naturalisation projects moving forwards and a more refined 'Mow Better' approach across all of our green open spaces.

CITY OF SANCTUARY

Following the riots in July, the Green group of Councillors in Sheffield brought a motion to Council, recalling that Sheffield is a City of Sanctuary.

Maroof said, "The recent behaviour by a subsection of society, which has filled many of our residents with terror, is completely unacceptable. If you ever feel threatened or witness any such behaviour, please inform the police immediately. Your prompt action can help ensure the safety of others in the community and prevent further escalation of violence. Let's work together to maintain a peaceful and secure living environment."
