

SAY HELLO TO TOM ATKIN-WITHERS

My name is Tom, I'm a 22-year-old carer and charity trustee and I've lived in our area my entire life. I'm proud to be standing as the Green Party candidate for Graves Park for the 7th May local elections.

I am a hardworking local activist keen to stand up for the voices of Graves Park residents. I have already been representing residents on key issues, such as public transport, littering and pot-holes.

Speaking to residents, I keep hearing the same things: people are fed up with Labour and the Lib Dems. They want an alternative that works hard, that listens, that is there ready to help.

Vote for year round hard work. Vote for someone who listens. Vote for Tom Atkin-Withers on 7th May.

Tom is a lifelong local which is why they're so extremely well informed about the ward and any issues there may be, as well as being very helpful and hardworking. In my view Tom would make an excellent councillor if elected on the 7th of May.

“ Lusia

Tom is a really positive, active and kind person part of our community. Tom listens, is proactive and really cares. A brilliant person to vote for on the 7th of May, in my opinion!
