

# SAY HELLO TO LYNSEY ANGELL

My name is Lynsey Angell, I'm a 52-year-old carer, and I've lived on Washington Road for 20 years. I'm proud to be standing as the green Party candidate for Nether Edge & Sharrow for the 7<sup>th</sup> May local elections.

I am a hardworking local activist keen to stand up for the voices of Nether Edge & Sharrow residents. I have already been leading on key matters such as organising two protests against the development of a new McDonald's and helping create a tenants union in Lansdowne.

A vote for me will be a vote for year round hard work, I will listen to you and stay in touch to let you know what I get up to.

[Vote for Lynsey Angell on 7th May.](#)

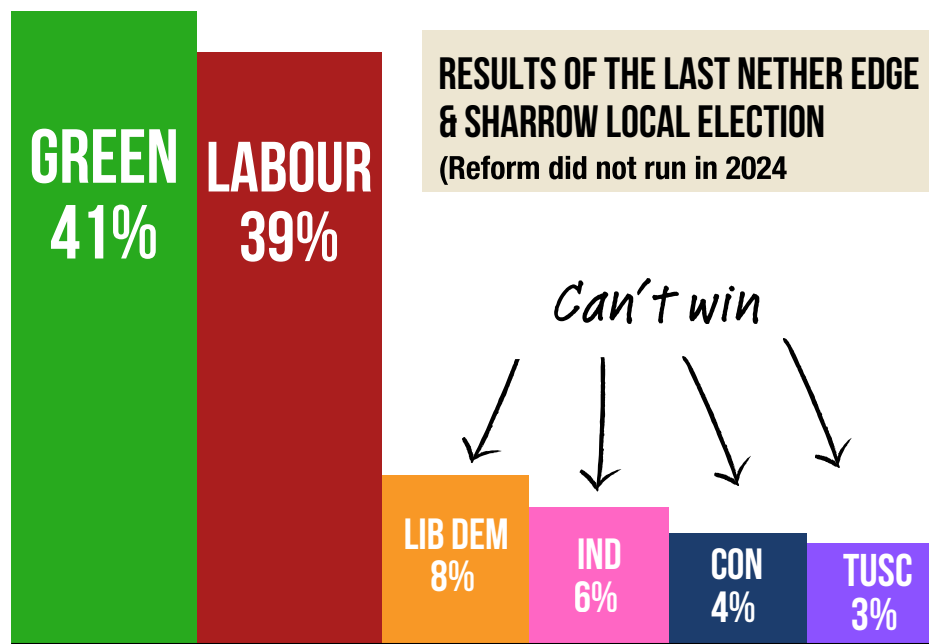

**Hillary Rosser**  
The Greens are the only party I see seriously tackling the issues that matter to people in Nether Edge and Sharrow. I will be voting for Lynsey Angell, the Green Party candidate, so they can continue working hard here.

**Adam Bravery**  
I'm voting Green because they're the only party I see being active outside election time. We deserve a councillor who'll work hard all year, not just when they want our vote.
